No. of males over 18 years old 137
 No. of females over 14 years old 169
 No. of children between 6 and 16 yrs old 174

Total No. of males 281

Total No. of females 307, 588

Note: - In a great many instances on this roll the names of the Indians have been changed from what they were on the former census. This was done to give them a full English name as near as possible and make this roll conform with the schedule of allotments and the records at the Ponca School. In all cases possible and practicable the child has been given the family name of its father. Where a name is materially changed, the name of the individual as it appeared on the former census is given in the column marked "Indian name."
